

CALIFORNIA ENERGY COMMISSION

1516 NINTH STREET
SACRAMENTO, CA 95814-5512
www.energy.ca.gov

November 17, 2011

TO: INTERESTED PARTIES
SUBJECT: *Appliance Market Survey*
IFB #400-11-401, Addendum #1

Notice Is Hereby Given That The Above IFB Is Amended As Follows:

Who can bid on this IFB?

This solicitation is restricted to private entities, including non-profit organizations and private universities, and any public entities that can meet the requirements of this solicitation (e.g., Disabled Veteran Business Enterprise participation and match funding) and agree to the attached terms and conditions (Attachment 8) that will be included in the resulting agreement(s). Even if public entities cannot meet these requirements or agree to the terms, they can still participate as subcontractors.

The reason for this distinction is that the Department of General Services, which has oversight of state contracting, no longer allows the Energy Commission to include different terms and conditions within the same solicitation. The Energy Commission used to do this because some public entities cannot agree to the same terms and conditions that apply to private entities. Every entity that bids under this solicitation must meet the solicitations requirements and must agree to the terms and conditions included. The Energy Commission will not award contracts to non-complying entities.

Except as herein amended, all other terms and conditions shall remain the same.

Sincerely,

Albert De Leon

Albert De Leon
Contracts Officer
